Sir:

This Communication accompanies payment of the issue and publication fees for this U.S. Patent Application, both of which must be paid by June 25, 2010.

A "Notice of Allowability" issued in this matter on March 25, 2010, together with the "Notice of Allowance and Fee(s) Due" issued for this Patent Application, includes a statement of Examiner's "Reasons for Allowance" and requires the submission of a new oath or declaration in compliance with 37 C.F.R. §1.497.

To the extent that the presented statement of "Reasons for Allowance" includes language which differs from the language recited in applicants' claims, when read as a whole, applicants respectfully traverse the stated "Reasons for Allowance", as presented.

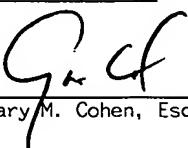

Also submitted herewith is a "Supplemental Declaration for Utility Patent Application" which has been signed by each of the inventors for this Patent Application, and which corrects the defects in the earlier-submitted Declaration which are identified in the "Notice of Allowability" of March 25, 2010.

It is respectfully submitted that this attends to all formalities remaining in connection with this Patent Application, and corresponding action is earnestly solicited.

Respectfully submitted,
